June 2009

Volume 19, Number 2

Hello, everyone - -

It's hard to believe our annual MAAVS convention is now a mere five months away. I am very excited that we will be at the Woodlands in Williamsburg, Virginia, from November 12th to 14th this year! Williamsburg is one of the most popular travel destinations in the country; apart from its natural beauty, it is chock full of marvelous attractions of all kinds. Here is link to just a few of the many wonders of Williamsburg: <http://visitwilliamsburg.com/index.aspx>

Of course, we all know that it's the African violets and the society of the wonderful folks who grow and show them that keeps us coming back; that being said, if ever there was a year to add on a day or two and see the sights, this is *it!* I lived in Williamsburg for many years, so I will have many happy memories to go along with the new ones I'll be creating as we gather for what I am sure will be a weekend of 'oohs,' 'ahhhhs' and heartfelt hugs.

I would like to take a moment here to formally thank MAAVS Vice President and Show Chair Judi DuPont, who has worked tirelessly to secure our space at the Woodlands and to work out all of the many particulars en route to signing a contract. Williamsburg is a global destination for conventions and meetings. People from all over the world vie for use of limited facilities. As much as we love MAAVS, in the grand scheme of convention planning, we are a low number, low dollar event seeking prime space in prime time. For Judi to have secured a workable contract and to have the Woodlands ready and eager to have us there is nothing short of a miracle. As president, I

MAAVS President Rich Follett

have had the chance to see the many months of negotiation, the many revisions to the contract and the many concessions that The Woodlands has made to accommodate our convention with all of its unusual needs and specifications. It has been an inspiration to see her work her magic. My compliments also to Convention Chair Tom Glembocki for his masterful organizational skills and pro-active approach - - whatever the need, Tom is *on it!* With the much-appreciated support of the Tidewater African Violet Society, our show sponsors, I know this will be a year to remember.

For those of you who would like to sneak a peak at the Woodlands, here is a link: <http://www.history.org/visit/stayWithUs/williamsburgWoodlands>

Perhaps the most exciting aspect of having our convention in Williamsburg is the potential for exposure to new members. We' ll be in one of the world's most popular tourist destinations at the peak of the fall season. With so many people taking 'staycations' this year due to the sluggish economy, many of the guests will be from the region our Society serves. In addition, Williamsburg's population is made up in large part of retirees with horticulture on their minds - - the climate there is conducive to year-round gardening. In marketing terms, the 'demographics' of Williamsburg are ideally suited for the acquisition of new members. One of my personal goals as your president has always been growth in membership, so I am just dancing with anticipation for the possibilities that November and Williamsburg hold.

Now that I have rambled on about the wonders of Williamsburg (you will find out when you get there that I have not gilded the lily - - it is all true), I must add a minor word of caution to help you get the most out of our convention. Please **MAKE YOUR ROOM RESERVATIONS EARLY!** In Williamsburg, rooms are hard to come by, all year round. I can assure you that we will not only fill our reserved block early, but that we will be begging for additional rooms long before the convention registration deadline! We have an incredible room rate (less than 65% of the usual rate for the time of year we have chosen) and the rooms are going to go like hotcakes. There are hundreds of hotels in and around Williamsburg and almost all are conveniently located but the best convention experience depends on staying at the Woodlands where our event will take place - - it is not nearly as much fun to be 'off site.' If you are a procrastinator, this is the year to change your ways! I don't want anyone to be left out of what I am sure is going to be our most well-attended convention ever. Reservations can be made through the website or by calling toll free (800) HISTORY (447-8679). Be sure to specify that you are calling for the MAAVS convention to get our fantastic room rate.

Once again this year, I am delighted to serve as Awards Chair for our convention. The

generosity of our members never ceases to amaze me. For growers, the affirmation of a sponsored ribbon and/or award is a thrill like no other. Even in these difficult economic times, I have been receiving awards donations since January of this year. You folks are incredibly giving and supportive of one another and of our society! This is one of the main reasons why I am so proud to serve as Awards Chair and as your President. I have been honored with a position on the AVSA Board of Directors this year and the first 'official' words out of my mouth were to begin telling everyone how extraordinary MAAVS is - - how we are thriving and growing at a time when many clubs and societies are struggling and how our members are so unselfish and so generous. We had AVSA Board members (including current AVSA President Ron Davidson and his wife Jan) in attendance at our 2008 convention and they were amazed by what we have going for us. MAAVS is *very* special! Let's keep a good thing growing with our awards. Pat Knight has written us a beautiful and imaginative schedule; I would like to see entries in every class and an award to match. If you would like to sponsor an award, please make your check payable to MAAVS and _____ to me at: Rich Follett, MAAVS Awards, P.O. Box 583, Strasburg, VA 22657.

Last, but certainly not least, we are going to need *entries* to make this show a success. Every year, I hear the same phrase, repeated over and over: "Oh, I *wish* I had gone ahead and brought my _____ (fill in the blank) - - I would have won a blue ribbon!" I also hear "I can't believe that class is empty - - I have one of those sitting right at home on my light stand but I didn't bring it because I didn't think it was good enough!" Let's make this the year to stamp out "Oh, I *wish*!" Bring it, Bring it, Bring it! It would be far better to bring a dozen plants or designs and leave a few sitting in your hotel room than to wander around the showroom shaking your head and suppressing regret. You can do it! Start _____ Go through your growing space and start looking at your plants with a show-grower's eye. I was down in my basement last night and I have a LOT of work to do but I am going to try and I hope you will, too. We have the opportunity to dazzle the world in Williamsburg.

You are all 'Best-in-Class' folks, as far as I am concerned. I have never known a finer group of people; have never been more proud to belong to and to serve a finer organization. Thank you for all you do in support of the African violets we love and in support of each other. You inspire me every day. See you in Williamsburg - - until then, consider yourself *hugged*!

Rich

Need A Program for Your Affiliate Club Meeting?

How about a program on efforts to save the rainforests of eastern Africa, where African violets originated. Some scientists believe that the Eastern Arc Mountains of Tanzania are the oldest forests on the planet, and that there are flora and fauna there which have yet to be identified.

In addition, they have demonstrated that the unregulated destruction of ancient rainforests results in arid land which rapidly turns into deserts, destroying most life there.

George McDonald has obtained three DVDs from The African Rainforest Conservancy (ARC). Each DVD has four programs. One short program explains the imperative of preserving the rainforests before they are lost forever. Two programs deal with projects in two villages, training the people to care for their own families and communities, while protecting the remaining mountain forests. The longest program is about twenty minutes long, and shows many of the animals and plants (and rain) in the Eastern Arc Mountains.

If you would like to borrow one of the DVDs for your club meeting, please contact George McDonald at mcviolets@aol.com in order to schedule a time. He is asking only that you pay round-trip postage - - probably Priority Mail with the US Postal Service. You will need a DVD player and a projector to view the DVD, although smaller clubs can simply gather around a laptop or PC to view the programs there.

You might even find a project you would like to support financially. Incidentally, ARC advertises in the African Violet Magazine!

Things Go Better With African Violets

November 12 - 14, 2009

Williamsburg, Virginia

HORTICULTURE DIVISION

Section I Collections (See Rule 7)

Class 1. AVSA Standard Collection three different registered standard varieties all of the same type (three single crown or three trailers) or three different species, regardless of type.

Class 2. AVSA Miniature/Semiminiature Collection three different registered miniature or semiminiature varieties of the same type three single crown miniatures, three miniature trailers, three single crown semiminiatures, or three semiminiature trailers.

Class 3. MAAVS Collection three different varieties all of the same type: standard, miniature, semiminiature, same type trailers, and species. These need not be registered.

Class 4. Russian Hybrid Collection. Collection of three different AVSA registered standard varieties hybridized in Russia.

Section II Standard Specimen Plants (green foliage, all blossom types)

Class 5. Blush, cream, green, white and yellow tones

Class 6. Coral and pink tones

Class 7. Fuchsia, red and wine tones

Class 8. Lavender, light blue and orchid tones

Class 9. Medium blue, dark blue and purple tones

Class 10. Multicolored

Class 11. White edged (Geneva)

Class 12. All other edged

Class 13. Fantasy (to include edged varieties)

Class 14. Chimera (to include edged varieties)

Section III Standard Specimen Plants (variegated foliage, all blossom types)

Class 15. Blush, cream, green, white and yellow tones

Class 16. Pink and red tones

Class 17. Blue and purple tones

Class 18. Multicolored

Class 19. All edged blossoms

Class 20. Fantasy (to include edged varieties)

Class 21. Chimera (to include edged varieties)

Section IV Miniature Specimen Plants (all foliage and blossom types)

Class 22. Blush, cream, green, white and yellow tones

Class 23. Pink and red tones

Class 24. Blue and purple tones

Class 25. Multicolored and all edged blossoms

Class 26. Fantasy and chimera (to include edged varieties)

Section V Semiminiature Specimen Plants (green foliage, all blossom types)

Class 27. Blush, cream, green, white and yellow tones

Class 28. Pink and red tones

Class 29. Blue and purple tones

Class 30. Multicolored and all edged blossoms

Class 31. Fantasy and chimera (to include edged varieties)

Section VI - Semiminiature Specimen Plants (variegated foliage, all blossom types)

Class 32. Blush, cream, green, white and yellow tones

Class 33. Pink and red tones

Class 34. Blue and purple tones

Class 35. Multicolored and all edged blossoms

Class 36. Fantasy and chimera (to include edged varieties)

Section VII Trailing Specimen Plants

Class 37. Standard trailers

Class 38. Miniatures and semiminiatures, pots 4" and under

Class 39. Miniatures and semiminiatures, pots over 4"

Section VIII Special Classes

Class 40. Saintpaulia species, natural hybrids and sports

Class 41. Nontrailing plants in unusual, novel or decorative containers (see Rule 6)

Class 42. Trailing plants in unusual, novel or decorative containers (see Rule 6)

Class 43. Vintage Violets (see Rule 8)

Class 44. African violet with unusual foliage (bustle back, Clackamas, girl, etc.)

Class 45. African violet with unusual blossoms

Section IX New Introductions

Class 46. Seedling origination (see Rule 11)

Class 47. Sport and mutant originations (see Rule 12)

Section X Gesneriads Other Than African Violets (in bloom, except where

noted)

(See Rule 13)

Class 48. Micro-miniature and miniature Sinningias

Class 49. Compact Sinningias, Sinningia speciosa and other tuberous gesneriads

Class 50. Rhizomatous gesneriads

Class 51. Columnea, Nematanthus and Aeschynanthus

Class 52. Streptocarpus

Class 53. Episcias

Class 54. Episcias grown for foliage - pink leaf

Class 55. Episcias grown for foliage - other leaf

Class 56. Chiritas

Class 57. Chiritas grown for foliage

Class 58. Other fibrous rooted gesneriads

Class 59. Other gesneriads grown for foliage

Section XI Commercial Displays (See Rules 6 and 9)

Class 60. Commercial display tables consisting of fifteen (15) plants, predominantly (at least 75%) African violets. Other Gesneriads may be included as part of the display and, if included, shall be judged. Three (3) African violet miniatures or semiminiatures shall count and be judged as a single unit; all three plants shall be of the same type.

SPECIAL EXHIBITS DIVISION**Section XII Education and AVSA Information**

Class 61. Educational display and AVSA promotional information (entry is by invitation only)

DESIGN DIVISION

SECTION XIII CONTAINER GARDENS: Miniature gardens with one or more blooming African violets and other growing material. All material shall be planted in the container; no cut material permitted. Containers shall not exceed 24" in any dimension. To be viewed from the front only.

Class 62. Terrariums - Green Giant Vegetables - "Good Things from the Garden, Garden in the Valley, Valley of the Jolly, Ho, Ho, Ho, Green Giant." This jingle was written about the Minnesota River Valley around Le Sueur, MN where vegetables grow in abundance. Give us your interpretation of this lush valley in a terrarium. (Any size or shape, cover required, mirrored backs allowed)

Class 63. Dish Gardens - Chevrolet - "See the USA in your Chevrolet" In 1950 a real life husband and wife duo sang this jingle for Chevrolet to promote cruising and family trips in the car. Let your imagination cruise anywhere in the USA in a dish garden.

Class 64. Natural Gardens - California Raisins - "I heard it through the Grapevine" In 1876 William Thompson introduced the first seedless grape to the San Joaquin Valley, which is near Fresno, California and the Sierra Nevada Mountains. Because of its fertile valley with lots of sunshine and plentiful water, the grapevines took off and the raisin industry was born. This jingle, written by Whitfield and Strong in 1966 and later recorded by Marvin Gaye in 1968, became a big hit, and the song was used by the California Raisin Association to promote their product. Create a natural garden, on a piece of wood or a rock, that depicts this lush and fertile area.

SECTION XIV - INTERPRETIVE PLANT ARRANGEMENTS: One or more blooming African violet plants removed from their pots and used in a design. Fresh-cut and/or dried, treated or colored plant material and man-made material, other than artificial material, may be used. All classes staged in wooden niches 22" high x 16" wide x 16" deep.

Class 65. Slinky - "It's Slinky, Slinky, for fun it's a wonderful toy, it's Slinky, it's Slinky, fun for a girl and a boy." Do you remember this old fashioned toy that would come down the stairs on its own? This coil-shaped metal spring was invented in the 1940's by Richard James in Philadelphia, PA. It was an instant success and a toy that kept kids interested for hours. Using a Slinky in your design, show us the versatility and flexibility of this timeless toy. Limit of 4 entries

Class 66. Pillsbury - "Nothin' says lovin' like something from the oven" Created in 1965 by Rudi Perez, Pillsbury's Poppin' Fresh Doughboy became an instant success with this jingle trying to promote the fact that nothing draws families closer than home-baked goodies. Show us your love for cooking and family in this design using a baking utensil, dish or pan. Limit of 4 entries

Class 67. Ace Hardware - "Ace is the place with the helpful hardware man." This co-op was created in 1924 and named after the Ace fighter pilots of World War I who were able to overcome all odds. Smaller hardware stores were always friendly and very helpful to customers, but today most of the smaller stores have succumbed to big warehouses like Home Depot. Using a tool in your design, give us your idea of this friendly, helpful hardware store. Limit of 4 entries

SECTION XV- INTERPRETIVE FLOWER ARRANGEMENTS: Fresh-cut

African violet blossoms used in a design with other plant material. Staged in wooden niches, sizes noted below.

Class 68. United Airlines - "Fly the friendly Skies of United" This famous jingle was written by Frank Gari in 1982 in order to promote the company's friendly and attentive service. In a mobile or stabile design, give us your interpretation of the "friendly skies." (22" high x 16" wide x 16" deep) Limit of 4 entries.

Class 69. Wrigley's Doublemint Gum - "Double your pleasure, double your fun with Doublemint, Doublemint, Doublemint Gum." Made by the Wrigley Co. in 1914, it wasn't until 1956 when the idea to use twins in their commercial jingle came about. Using an empty picture frame, create two identical flower arrangements to be placed on either side of the picture frame to give the illusion of a mirror. (14" x 14" x 14") Limit of 4 entries.

Class 70. Meow Mix & Ken-L-Ration - "Tastes so good cats ask for it by name, Meow, Meow, Meow, Meow" and "My dog is better than your dog" The Meow Mix jingle was written by Shelley Palmer in 1970, and the Ken-L-Ration jingle was written by Tom Paxton in 1960. Dogs and cats are the two most popular pets in the world, so pick your favorite and show us the love for your pet in this flower arrangement. (14" x 14" x 14") Limit of 4 entries.

Class 71. Band-Aids - "I am stuck on Band-Aid brand 'cause Band-Aid's stuck on me" A Johnson & Johnson Co. product, Band-Aids were invented in 1921 by Earle Dickson to help his wife who was always cutting her fingers in the kitchen. Originally bandages were separate gauze and tape and he wanted to make something better so he incorporated the two. By 1924 Band-Aids were machine made, by 1939 they were sterilized, and by 1958 they were made with vinyl tape which made them stick much better. Using Band-Aids in your design, give us your interpretation of this very useful product. (14" x 14" x 14") Limit of 4 entries.

Class 72. Nestles - "N-E-S-T-L-E-S, Nestles makes the very best chocolate" Between 1953 and 1965 Nestles promoted their Hot Cocoa product with "Farfel, the dog who sang this famous jingle, and even today this jingle is familiar to all. Using chocolate in your design, create a flower arrangement for a chocolate lover. (14" x 14" x 14") Limit of 4 entries.

Class 73. Almond Joy/Mounds - "Sometimes you feel like a nut, sometimes you don't" In the 1970's Peter Paul Co. created a candy bar called "Almond Joy," coconut covered with chocolate and an almond inside. They later decided to make the same candy without a nut and called it "Mounds." Since nuts are a very healthy food source,

create a miniature design using nuts. (8" x 8" x 8") Limit of 8 entries.

Class 74. Alka-Seltzer - "Plop, plop, fizz, fizz, oh what a relief it is" In the 1960's the German-Bayer Corp. created their mascot "Speedy" to promote their stomach acid reduction product, and then in 1972 they changed their commercial to the famous "I can't believe I ate the whole thing." But in 1979 they came up with their world renowned jingle that is still being used today. Give us your idea of this bubbly concoction in an underwater design staged in a clear drinking glass. No limit on entries.

Rules

1. Classes shall be open only to members of MAAVS who are also registered for the convention.
2. Precautions shall be taken to afford all possible protections, but all entries shall be made at the exhibitor's risk.
3. Judging shall begin promptly at 9:30 am on Friday, November 13, 2009. During judging only judges, judges' clerks, Entries Chairman, Classification Chairman, Awards Chairman, Judges Chairman and Show Chairman shall be allowed in the showroom. Exception may be made by the Show Chairman.
4. The authority for judging shall be the AVSA Handbook for African Violet Growers, Exhibitors and Judges, 2007 Edition, and subsequent changes printed in the African Violet Magazine. This show shall be judged on the merit system by AVSA judges using the AVSA scales of points applicable to each class. Only blue ribbon exhibits shall be eligible for any special awards. All decisions of the judges shall be final.
5. All horticulture entries shall be presented Thursday, November 12, 2009, between 1:00 pm and 7:00 pm. Exhibitors entering more than 15 plants shall present their entries no later than 6:00 pm. All African violet exhibits must be in bloom and, with the exceptions of species and trailers, must be single-crown plants. Only clean, healthy plants shall be accepted. Classification Committee shall have final authority. Specimen plants shall have been in the exhibitor's possession for a minimum of 90 days. Design entries are pre-entered after making reservations as stated in Rule 20. Design entrants may work on their designs (or bring their container gardens or underwater displays) at any time between 1:00 pm and 11:59 pm on Thursday, November 12, 2009, and are allowed to replace blossoms, touch up their designs, or add water to underwater displays on Friday morning, November 13, 2009, from 8:00 am to 9:00 am. If a design

entry is not filled by 11:59 pm, Thursday, November 12, 2009, it shall not be part of the show.

6. An exhibitor shall make only one entry of a variety in any one in the Horticulture Division, except Class 59, the Commercial Display Table. However, an exhibitor can enter plants of the same variety in several classes. Exhibits in Classes 41 and 42 shall be African violets and reflect the theme of the show. Only one entry per exhibitor shall be allowed in each of Class 41 and Class 42. Any class may be divided after entries are complete, with consent from the Show Chairmen.

7. Exhibitors shall submit a list of entries showing entries and class number to the Classification Committee at time of entry. The plant names shall be subject to correction. Plant registration numbers shall be included for entries in Classes 1 and 2. Only AVSA members are eligible to enter the AVSA Collection classes. Only one collection may be entered by an exhibitor in each collection class.

8. Vintage violets are defined as those plants hybridized and/or listed in the AVSA Master Variety List before November 13, 1983 - - OVER 25 YEARS OLD. Only plants in Class 43 will be judged for the Best Vintage Plant Award.

9. Commercial members may enter either the regular horticulture classes or the commercial display table class, but not both. Reservation for display tables shall be made with Dave Rollins, PO Box 113, Stanford KY 40484 tel 606.282.3432 drollins@adelphia.net, no later than Friday, November 13, 2009.

10. All specimen plants shall be exhibited in clean, white or green plastic pots. Pots may, at the discretion of the exhibitor, be sleeved with an identical size pot of the same color - - slip potting is NOT required. Aluminum foil wrapped pots are NOT permitted. If not concealed, all labels and wicks shall be removed. Miniature and semiminiature plants may NOT be exhibited in clear Lucite containers with wick intact. Other gesneriads shall be exhibited in any containers in which they are grown. Leaf supports, flared-top pots, or exterior pots may not extend as a support for leaves. Moist-rite and Oyama pots are acceptable.

11. New introductions shall have been originated by the exhibitor or written release rights shall have been obtained from the originator. Plants shall not have been previously exhibited at a MAAVS convention show. The Best New Introduction Award shall be chosen from the exhibits in the new introduction classes and the commercial display table class.

12. Sports and mutant originations shown for the first time shall be included in class 47 and will be entered as follows: Sport of "Name of Original Plant" and should be

improvements over the original Plant. Sports and mutant originations not shown for the first time or plants not true to their description shall be uniquely named and list the original plant that sported. They shall be entered as follows: "Sport of 'Name of Original Plant' New Name", and entered in the appropriate color class.

13. Protective covers, mulches, and unobtrusive stakes are permitted for gesneriads other than African violets. Any non-blooming gesneriad, other than African violets, must have special quality of foliage, coloring, texture or growth habit and must not be just a gesneriad out of bloom.

14. Commercial members may enter all design classes.

15. An exhibitor shall be limited to one entry in each class in the Design Division. All entries must be the sole creation of the exhibitors and must be placed by the exhibitors.

16. No part of any design may touch or extend beyond the confines of the niche or stated space limitation.

17. African violets shall be emphasized in each design exhibit. One or more plants or cut flowers may be used. No artificial plant material, national flags, nor live animals shall be allowed. However, dried, treated or painted plant material shall be allowed.

18. Accessories shall be permitted in all design classes. Backgrounds (i.e. drapes) are permitted in all classes. Tape may be used to secure backgrounds to the niches.

19. Plants may be purchased at any time for design exhibits, but all shall be disease and insect free. Exhibitors shall replace spent cut blossoms with fresh ones while the show is open.

20. Reservations for design entry space shall be made with Mrs. Pat Knight, 1796 Stonehaven Lane, Virginia Beach, VA 23464-7031, (757) 479-2115 or e-mail at kemts@cox.net in October 2009. No reservations will be accepted prior to October 1, 2009 or after October 31, 2009. Please state size of container gardens when making reservations. If unable to exhibit in your reserved space, please cancel before November 10, 2009.

21. Any exhibit may be sold after judging is completed, but none shall be removed until 3:00 pm, Saturday, November 14, 2009. Exhibitors shall remove all exhibits from the showroom between 4:00 pm and 5:00 pm on Saturday, November 14, 2009.

22. The show will be open to the public on Friday, November 13, 2009 from 1:00 pm to 5:00 and on Saturday, November 14, 2009 from 9:00 am to 4:00 pm.

New MAAVS Collection Rosette

A new MAAVS Collection Rosette for an exhibit consisting of three African violets of the same type (standard, miniature, semiminiature, trailer [standard, miniature, or semiminiature], or species) is available to affiliate clubs. This rosette is smaller than before, and has a more intricate design on the button.

These plants must be entered by a MAAVS member and need not be AVSA-registered varieties. Each plant will be point scored in accordance with *The African Violet Society of America Handbook For Growers, Exhibitors, and Judges* and awarded a ribbon as merited. Exhibitor must be a MAAVS member.

To order a rosette, please contact Susan Barbi at 1809 View Top Court, Annapolis, MD 21409-5873, and remit \$5.00 with each request. If you have unused rosettes from previous years, you may request new score sheets at no cost, use the score sheets from the AVSA Entries Program, or download score sheets from www.maavs.org. For additional information, or to check on a request, call 410.757.5044, or E Mail susanbarbi@verizon.net
